

WHOLESALE-IMPRINTABLE DIVISION CATALOGUE  
**LOS ANGELES APPAREL**

# OUR MISSION

## 1. WE ARE PASSIONATE ABOUT DOING THINGS DIFFERENTLY

We are contrarians, deeply focused on sustainability and efficiency in order to advance the interests of our customers, our workers, our shareholders, the community, and the world.

## 2. LIVING WAGES

We strive to pay our workers a living wage and we support the fight for \$15/hour.

## 3. EMPLOYEE OWNERSHIP

Our workers will own equity in our company making us employee owned.

## 4. A COMMITMENT TO CREATE JOBS

We intend to employ thousands of workers in the Los Angeles area and become the leading player in U.S. clothing manufacturing. We believe in local manufacturing from an efficiency and an ethical point of view.

## 5. VERTICALLY INTEGRATED

We rarely subcontract cutting and sewing so that we can control quality. This is part of our commitment to our customers. This also helps develop the lives and enhance the lives and skill level of our workers.

## 6. WE SUPPORT DOMESTIC FARMERS AND THE DOMESTIC YARN INDUSTRY

We strive to buy textile and yarn products made in the United States to support domestic manufacturing. Over half of our yarn consumption will be derived from domestic sources. A strong domestic industry is good for our company's financial viability in the long run. It helps us serve the interests of our customers, is good for the health of the domestic and continental manufacturing base, and ultimately is good for the environment by reducing the impact of our supply chain's carbon footprint.

## 7. ENVIRONMENTALLY FRIENDLY SOURCING

We strive to integrate the following to our supply chain:

1. Environmentally friendly grown cotton or organic cotton.
2. Recycled or reclaimed cotton.

## 8. WE RECYCLE

We use advanced manufacturing to reduce waste by products during our production process.

## 9. ENVIRONMENTALLY DYEING AND FINISHING

California has the most stringent environmental protection rules imposed on the industry of dyeing. By dyeing and finishing almost all of our textiles or garments in California, you are assured our fabric processing is environmentally friendly.

## 10. WE SUPPORT FREE TRADE

We are not nationalists. We support worldwide free trade. We believe we can compete globally and still produce value for our customers while remaining true to our sustainability and efficiency commitment. We want to sell our products to the world and we understand the importance of other countries having access to our market.

# GARMENT DYE

Our Garment Dye t-shirts and shorts are made of 100% USA cotton that is beefy, durable, and absorbent. These garments are washed with natural enzymes resulting in a shrink-free t-shirt that has a broken-in feel, just like one that has been washed for a decade.

**1801GD**

PIGMENT DYE COLORS	
Pigment dyed garments are specially dyed for one of a kind coloring. Please note that color transfer may occur, especially when wet. We recommend washing this garment separately in cold water.
