The Round House® Difference

THE LARGEST

Round House is the largest maker of Bib Overalls, more than any other brand. We are the undisputed overall experts!

THE MOST

We have more sizes than any other brand. Only Round House makes up to a 74" waist and a 38" length.

That's over 115 sizes in blue denim alone!

IN-STOCK

Others have supply chain problems, but Round House keeps excellent stock by having factories both inside and outside the United States.

In 2020, states shut down "non-essential" U.S. factories at the start of the Covid epidemic. In 2021, it was factories outside the U.S. closing because of Covid. Through it all, Round House was able to keep filling orders and meeting demands.

MORE AMERICAN

We make overalls both outside *and* inside the USA. Round House is the only bib overall maker with a factory inside the US.

Interestingly, buying Round House overalls made outside the USA keeps American factory workers employed. Without the sales of overalls made outside the USA, we wouldn't be able to keep up with demand, retailers wouldn't carry Round House, and Round House would not exist.

OUR STORY: OVER 120 YEARS

The year was 1903. Oklahoma was still Indian Territory, 4 years before statehood. Over 100 trains roared through the town of Shawnee each day as thousands of railroad workers built America's westward expansion. ROUND HOUSE® workwear was born.

Named for the "round house" railroad repair station, ROUND HOUSE® brand overalls and jeans became favorites among rail workers, known for durability and quality. 120 years later, ROUND HOUSE® is the oldest operating manufacturer in Oklahoma.

Having survived wars, depressions, pandemics and even bell bottoms, we still proudly build premium workwear according to our motto:

Fit Best, Wear Longest™

CELEBRITIES IN ROUND HOUSE

Here are a few famous faces you might recognize wearing America's #1 brand of workwear!

(L to R: Miranda Lambert, Neil Patrick Harris, Jennifer Aniston, Hugh Grant, Donald Trump, Larry Hagman, Christopher Walken, Jessica Simpson)

GUINNESS WORLD RECORD OVERALLS

ROUND HOUSE® celebrated its 100th anniversary in 2003 by building the Guinness World Record largest overalls.

Guinness World Record certificate. The mammoth pair is over 17 ft long, nearly 15 ft tall, with 8 inch buttons!
